The Mack B series is a model line of trucks produced by Mack Trucks between 1953 and 1966. The successor to the 1940-1956 Mack L series, the B-series was a line of heavy conventional-cab trucks. Adopting a more streamlined appearance over its predecessor, the B-series was designed with a sloped windshield and larger, rounded fenders The model line was sold in multiple configurations, including ...

Mack B series - Wikipedia

A utility truck - service truck is a truck with numerous compartments built into the bed. The terms utility and service can both be used interchangeably in this instance. These trucks are meant for carrying small loads. Utility and service are actually used to categorize a large variety of trucks.

The International S series is a range of trucks that was manufactured by International Harvester (later Navistar International) from 1977 to 2001. Introduced to consolidate the medium-duty IHC Loadstar and heavy-duty IHC Fleetstar into a single product range, the S series was slotted below the Transtar and Paystar Class 8 conventionals.. The IHC S series was produced in a number of variants for ...
