Free-eBooks is an online source for free ebook downloads, ebook resources and ebook authors. Besides free ebooks, you also download free magazines or submit your own ebook. You need to become a Free-EBooks.Net member to access their library. Registration is free.

A Series Engine Weight

The BMC C-Series was a straight-6 automobile engine produced from 1954 to 1971. Unlike the Austin-designed A-Series and B-Series engines, it came from the Morris Engines drawing office in Coventry and therefore differed significantly in its layout and design from the two other designs which were closely related. This was due to the C-Series being in essence an enlarged overhead valve ...

BMC C-Series engine - Wikipedia

Super GT (stylized as SUPER GT) is a grand touring car racing series that began in 1993. Originally titled as the Zen Nihon GT Senshuken (全日本GT選手権), generally referred to as either the JGTC or the All Japan Grand Touring Car Championship, the series was renamed to Super GT in 2005. It is the top level of sports car racing in Japan. The series is sanctioned by the Japan Automobile

The Cummins L-series engine is a straight-six diesel engine designed and produced by Cummins. It displaces 8.9 litres (543.1 cu in), and began production in 1982 as the L10 at the Jamestown Engine Plant in Jamestown, New York. After lengthening its stroke from 136 to 147mm, its displacement was enlarged to 10.8 litres and the engine renamed ISM 11, later M11.

The greater weight also helps the engine maintain momentum at low revs when 4WDing. The clutch is a heavy duty Exedy cover and organic plate with a massive 1250kg of clamp load - this clutch will suit all N/A (naturally aspirated) engines.

Nissan Patrol V8 Engine Conversion using the LS Series V8

Standard on all FrontMount™ DuraMax® decks, PowerFold® is the zero-turn mower industry's first electric deck lift (introduced in 2004). PowerFold® rotates the deck nearly 90 degrees to provide easy access to the underside of the deck for simplified maintenance and mulching package installation, plus space-saving portability and storage.

Top End Performance - Datsun "L" series engine building

One of the biggest expenses for a K swap is the engine. To achieve our budget K-series swap we started with the engine. There are a range of engines you can use, but for the price, you can't beat 03-07 Accord engine's torque. Accord engines can be had for \$300-\$350 and up on car-part.com. I found mine at a local salvage yard for \$400 with no ...
