Amazon.com: Bayer Contour Blood Glucose Monitoring System ...

Disclaimer. The Eversense ® Continuous Glucose Monitoring (CGM) System is indicated for continually measuring glucose levels in persons age 18 and older with diabetes for up to 90 days. The system is indicated for use to replace fingerstick blood glucose (BG) measurements for diabetes treatment decisions.

Lets Get Started | Eversense CGM

The Ascensia Contour Next One is quite simply one of the best glucose meters out there, thanks to accurate glucose measurements, smart phone app connectivity and affordable testing strips. But that's just pricking the surface, forgive the pun, there are lots more features worth mentioning here, which this review will do - so you can decide if this is the right glucometer for you.

The CONTOUR® NEXT ONE Blood Glucose Meter can only be used with 1 PDM at a time. If a user wanted to pair their BG Meter to their replacement PDM, they can either unpair it from the original PDM or reclaim it using the original PDM's serial number. (found within the PDM's 'About' screen accessed from the main menu).
