One thing about Doosan(Daewoo) is they do stock parts for older machines. Controls are a different story, it's up to the control builder. One reason why I very much prefer Fanuc, is that they have parts going WAY back. In my shop, the newest machine is 1995. The others are 1983 (Okuma LB-15), 1985 (P&W/Hamai Tri-Mac), and 1986 (Mori Seiki SL3-H).
