I'm back to manual trading for now and I just entered my first trade with 1 full lot at what is the secondary entry which I could spot correctly. The primary entry (the best one) was already missed, I know exactly at which moment I have to exit and will wait that moment, what I don't know is if I will be able to spot it clearly and correctly.

Forex Broker Reviews: The Ultimate List (April 2021)

Quick Start Guide. So you want to be a trader? Before reading anything else, understand that this journey will be hard won, and it's not a way to get rich quick. The reason these points are being stressed is because of the negative stereotypes surrounding FX trading and active trading of any financial instrument in general.
