The clip that is the current tempo leader will play as if warping was off, but with one important difference — the rest of the Live Set will be warped so that it plays in sync with the current tempo leader. This is achieved by adding tempo automation to the Master track for the duration of the tempo leader clip.

In musical terminology, tempo (Italian for "time"; plural tempos, or tempi from the Italian plural) is the speed or pace of a given piece. In classical music, tempo is typically indicated with an instruction at the start of a piece (often using conventional Italian terms) and is usually measured in beats per minute (or bpm). In modern classical compositions, a "metronome mark" in beats per ...
