The magnitude of the earthquake was estimated at 9.1.

Humanitarian response to the 2011 Tōhoku earthquake and ...

A puzzling tsunami entered Japanese history in January 1700. Samurai, merchants, and villagers wrote of minor flooding and damage. Some noted that no parent earthquake had been felt; they were wondering what had set off the waves. They had no way knowing that the tsunami had been spawned during an earthquake along the coast of northwestern North America.
